

**Q1.**What were three unexpected uses of smartphones?

**Q2.**A student uses a short clip from a movie in a school presentation to explain a topic.

Does this example follow the fair use principle? Give a brief reason for your answer.

**Q3.**This question has two parts.

First, choose the correct option in part a.

Next, in part b, pick the reason that best explains your choice in part a.

**a)** Which statement best explains an unexpected negative effect of social networking platforms?

- A. Social networks reduced the need for internet access
- B. Social networks increased concerns about privacy and data misuse
- C. Social networks stopped people from communicating entirely
- D. Social networks made face-to-face communication unnecessary

**b) Justification (choose one)**

Which situation best supports your answer?

- A. Users share photos and updates with friends online
- B. Social networks use algorithms to suggest new friends and content
- C. Personal posts and private data may be collected and misused by platforms
- D. Social networks allow people to message instantly across the world

**Q4.**Read each statement carefully. Identify whether the statement contains an error in understanding **Deontological Theory** or **Utilitarian Theory**. Write the correct answer.

| No. | Statement                                                                                   | Answer |
|-----|---------------------------------------------------------------------------------------------|--------|
| 1   | "Deontological theory judges actions mainly by their consequences."                         | _____  |
| 2   | "Utilitarian theory aims to create the greatest good for the greatest number of people."    | _____  |
| 3   | "According to utilitarianism, rules must always be followed even if they cause harm."       | _____  |
| 4   | "Deontological theory believes that some actions are morally right or wrong by themselves." | _____  |

**No. Statement****Answer**

- 5 "Utilitarian theory considers the effects of actions on society."

---

**Q5.** Consider the following scenario.

Each year, many college and university students make copies of textbook used in classrooms, despite the copyright notice stated in the book, as depicted in the example below. Now, do you think that this act infringes the copyright of the book? Write your opinion based on the "Fair Use Doctrine". In your conclusion, state that such an act is ethical or unethical.
